MACHINING AND GRINDING FLUIDS

Bio-stable products to help eliminate bacteria, odors, skin problems, fluid instability and worker dissatisfaction, without the use of tank-side additives.

Synthetic

PICOMIST 4098 - Misting lubricant for all metals, use as received

PICOCOOOL 5202 - Multifunctional cutting and grinding fluid for all metals

PICOCOOOL 5255 - Multifunctional high-performance machining fluid for ferrous metals

PICOCOOOL 5201 Blue - Blue colored grinding coolant, low foaming

PICOCOOOL 5254 - Premium high-performance machining fluid for all metals, ideal product for small to medium sized machine shops and other metal processors

Semi- Synthetic

PICOFORCE 5132 - High-performance machining fluid all metals very low foaming

PICOFORCE 5155 - Multifunctional high-performance machining fluid all metals

PICOFORCE 5191 - Similar to 5155 but formulated for very hard water

Soluble Oil

PICOSOL 5300LC - Economical, general purpose machining fluid for all metals

PICOSOL 5381 - For machining, grinding and forming tough and exotic alloys and where extreme pressure and boundary lubrication is required

ADDITIONAL PRODUCTS

- Hydraulic fluids, fire-resistant, anti-wear, rust and oxidation
- Paint and coating removers, water-based protective peelable booth coatings
- Machinery Lubricants, gear, spindle, turbine, way oils and grease
- Conveyor and compressor lubricants, heat transfer fluids
- Quenchants and wastewater treatment chemicals

SUPPORT EQUIPMENT

- Refractometers, proportioners, skimmers
- Recycling, metering and control systems

PICO Chemical Corporation is proud to have Scarney Industries as its authorized distributor. PICO has been in business since 1976 and is an ISO 9001:2000 registered manufacturer of value-enhanced high technology specialty chemicals and lubricants to clean, condition, lubricate and protect metalworking, metal finishing and related processes. PICO's website is www.picochemical.com.

DRAWING, STAMPING, METALFORMING LUBRICANTS

HOME

Formulated to clean off easily and weld over safely on all metals

BANDSAW BLADES/ MACHINERY

Synthetic

PICODRAW 4030 - Deep drawing and heavy stamping for all metals

PICOCOOL 5255 HD - Heavy-duty rollforming coolant for severe applications

ABRASIVES

Vanishing Oil

COOLANTS

PICOFORM 4700 - Light-duty forming and stamping on galvanized and ferrous steel

PICOFORM 4710 - Moderate-duty forming, stamping on all metals and pre-painted steel

CONTACT US

CLEANERS

For a wide variety of applications

PICOCLEAN SCX - Floor and general purpose maintenance cleaner

PICOCLEAN 5030 - Soak/spray cleaner with corrosion protection for all metals

PICOCLEAN 5054 - Spray cleaner with corrosion protection for all metals, low foam

PICOCLEAN 5052 - Sump/machine cleaner and conditioner

PICOSOLV Series - A variety of solvent based cleaners for parts and electrical units

RUST AND CORROSION INHIBITORS

For short to long term indoor and outdoor protection on all metals

PICOGUARD 6201 - Water soluble oil for short term protection on ferrous metals

PICOGUARD 6205 - Solvent-based (non-oil) water displacing, moderate-term protection, easy to clean

PICOGUARD 6230 - Solvent-based long term outdoor protection on ferrous metals

PICOGUARD 17625 - Water-based (synthetic) for short term protection on all metals
